### Remarks

Applicants would first like to express their appreciation to Examiner Ta for kindly granting an interview with their representative, Steven Bach, on September 16, 2004. During the interview, Mr. Bach proposed an amendment to claim 3 under 37 C.F.R. 1.312. Examiner Ta concurred with the amendment, which is reflecting herein.

A Notice of Allowance was issued on June 17, 2004 in the subject application. An error has since been found in the allowed claims. Specifically, in claim 3, the word 'parts' is incorrect and should be --walls--. Because replacement of the language "parts" serves to correctly identify the invention described in the specification and does not remove any positively recited elements from the claim, the amendment does not change the scope of the claim. Entry of this amendment is respectfully requested.

Respectfully submitted,

---
